

R_x IT Biotic

Each veg capsules contains approx:

Pre & Probiotic -(Lactobacillus acidophilus, Lactobacillus rhamnosus - 5.2 Billion CFU, Bifidobacterium longum, Bifidobacterium bifidum - 3.02 Billion CFU, Saccharomyces Boulardii - 0.25 Billion CFU)

Key Probiotic Strains for Diarrhea:

Saccharomyces boulardii :

This yeast probiotic has been shown to be effective in reducing the duration of diarrhea and the risk of prolonged diarrhea (lasting 2 or more days). It is also considered effective in treating diarrhea associated with Clostridium difficile.

Lactobacillus rhamnosus :

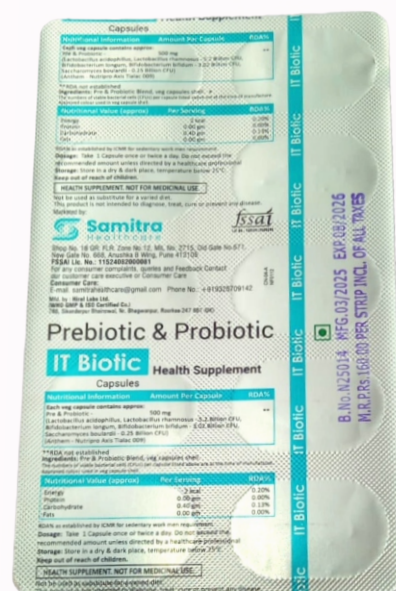

Lactobacillus rhamnosus has shown effectiveness in shortening the duration of diarrhea with acute infectious gastroenteritis.

Lactobacillus acidophilus and Bifidobacterium bifidum :

when used together, have also demonstrated positive results in reducing diarrhea duration and severity.

Bifidobacterium Longum :

Bifidobacterium longum has been linked to shorten duration of watery stools and faster recovery.

UNRAVELLING THE MYSTERIES OF THE GUT

A lack of helpful gut bacteria can also lead to an overgrowth of bad bacteria and trigger Leaky gut syndrome.

Probiotic main roles include

Digestive health –

They Break Down Food Components, Produce Short-chain Fatty Acids, And Can Aid Lactose Digestion.

Barrier function –

They Compete With Harmful Bacteria, Strengthen Tight Junctions, And Reduce Gut Permeability.

Immune modulation –

They Stimulate Gut-associated Immune Cells, Promote Anti-inflammatory Cytokines And Temper Pro-inflammatory Responses.

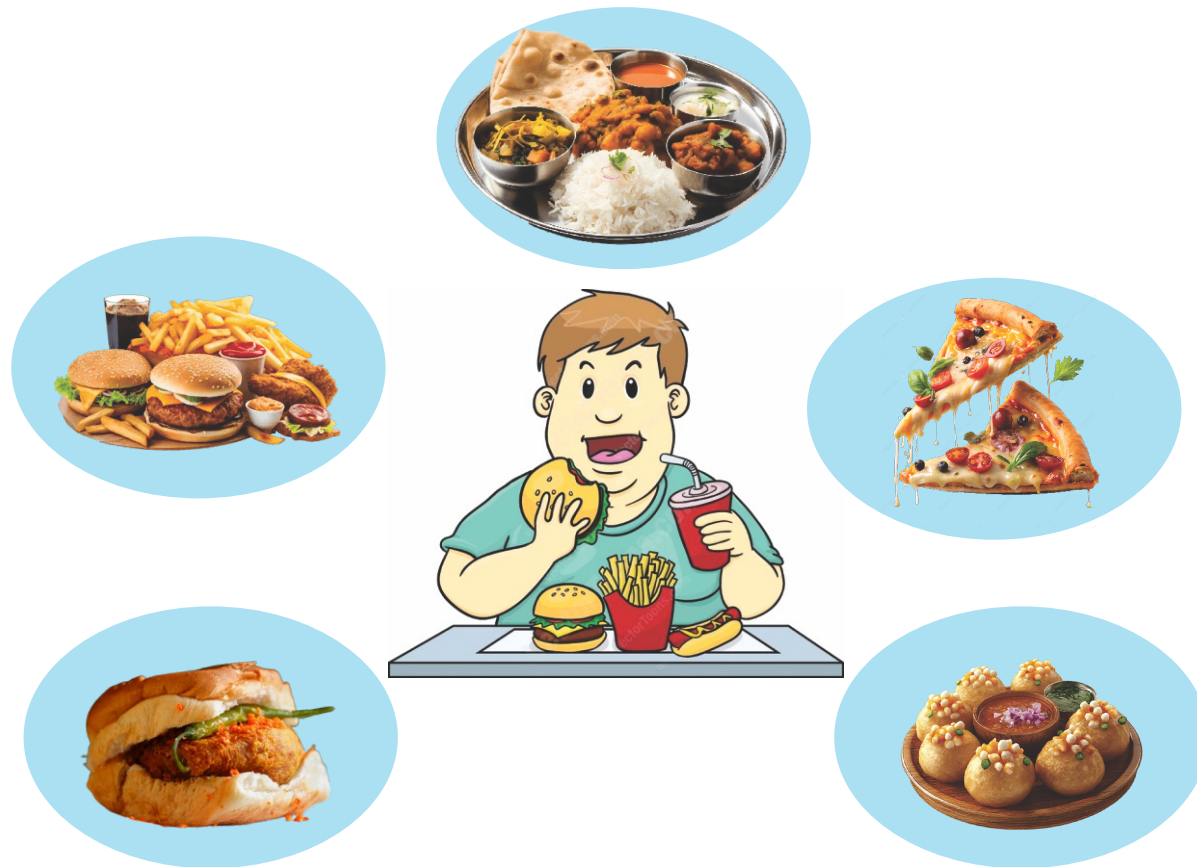

Metabolic effects –

Certain Strains Influence Lipid And Glucose Metabolism, Which May Help With Weight Management And Insulin Sensitivity.

Brain-gut axis –

By Producing Neurotransmitters (like Gaba, Serotonin) And Influencing Vagal Signaling, They Can Impact Mood, Stress Levels, And Even Cognition.

Rx **Sh Zyme Tablet**

**Fungal Diastase 100 mg + Papain 60mg +
Activated Charcoal 75 mg + Pancreatin 170 mg Tablets**

1 Tab. BID after Meals

Fungal diastase is an enzyme that breaks down starches into simpler sugars, playing a key role in:

- Carbohydrate digestion: Converts starches into maltose and dextrins, making them easier to absorb.

Papain is a proteolytic enzyme found in papaya fruit, playing a key role in:

- Protein digestion: Breaks down proteins into smaller peptides and amino acids, aiding digestion and absorption.
- Anti-inflammatory effects: May help reduce inflammation and swelling.

Activated charcoal has several uses:

- Toxin absorption: Absorbs toxins, chemicals, and gases in the gut, potentially reducing symptoms like bloating and gas.
- Gas relief: May alleviate gas-related discomfort and flatulence.

Pancreatin plays key role in :

- Break down proteins, carbohydrates & fats because it contains four proteolytic enzymes trypsin, Chymotrypsin, Amylase & lipase.

Benefits :

Sh Zyme Tablet can help soothe stomach discomfort caused due to heavy meals.

Sh Zyme Tablet can help maintain a healthy digestive system by providing essential digestive enzymes that may be lacking in the body.

➔ **"Sh Zyme breaking down food, not your day"**

Co-Q10 100 mg + Omega 3 150 mg + L- arginine 100 mg + Alpha lipoic acid 50 mg + Vitamin E 10 mg + Cyanocobalamin 2.2 mcg + Lycopene 5000 mcg + N-Acetylcysteine 50mg + Curcumin 50mg + Selenium 55mcg + Zinc 10mg + VIT C 80mg Tablets

KEY BENEFITS & USES

HEART HEALTH

CoQ10: Supports energy production, antioxidant.

Omega-3: Lowers triglycerides, anti-inflammatory.

L-Arginine: Improves blood flow (NO production).

ANTIOXIDANT POWER

Alpha Lipoic Acid, Vit E, Vit C, Selenium, Lycopene: Fight oxidative stress.

IMMUNE & CELLULAR SUPPORT

Zinc: Immunity, wound healing.

Cyanocobalamin (B12): Nerve function, RBC formation.

DETOX & ANTI-INFLAMMATORY

NAC: Mucolytic, supports glutathione.

Curcumin: Anti-inflammatory (turmeric).

INDICATIONS :

Cardio Support – Hypertension, atherosclerosis prevention.

Antioxidant Boost – General wellness, aging support.

Immunity – Fights infections, oxidative damage.

IMPORTANT NOTE

Food Synergy – Take with meals for absorption (Omega-3, fat-soluble vitamins).

In critical infection

Urinary Track Infections

Cystitis, pyelonephritis

Dental Infections

Gvexim-CV 325

Each Film Coated tablet contains :

Cefpodoxime Proxetil IP 200mg + Potassium Clavulanate IP (125mg)

KEY BENEFITS & USES

► Broad-Spectrum Antibiotic

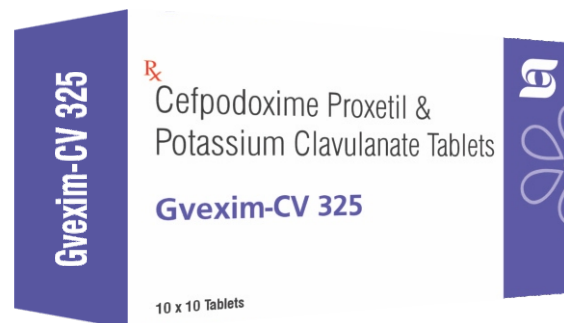

- Cefpodoxime: 3rd-gen cephalosporin - fights Gram+ & Gram- bacteria.
- Clavulanate: Beta-lactamase inhibitor - protects cefpodoxime from bacterial resistance.

► Treats Infections

- Respiratory: Pneumonia, bronchitis, sinusitis.
- Urinary Tract: UTIs, pyelonephritis.
- Skin/Soft Tissue: Cellulitis, abscesses.
- ENT: Otitis media, tonsillitis.

► Main Uses

- Resistant Bacterial Infections – Effective vs. beta-lactamase producers.
- Complicated Infections – UTI, skin, respiratory (when first-line fails).
- Complete Course – Prevents resistance.

Gvexim[®] 200 DT

Cefpodoxime 200 mg Dispersible Tablets

Good for kids/elderly.

Rx **Oxsin**^{*} **Tab**

Ofloxacin 200mg + Ornidazole 500mg Tablets I.P.

KEY BENEFITS & USES

Antibacterial + Antiprotozoal

Ofloxacin: Fluoroquinolone antibiotic (broad-spectrum bacterial infections)

Ornidazole: Treats protozoa (amoebiasis, giardiasis) + anaerobic bacteria

TARGETS

Gastrointestinal Infections: Diarrhea, dysentery (bacterial/protozoal).

Gynecological/Urinary Infections: PID, UTIs (mixed infections).

Dental/Oral Infections: Anaerobic bacteria.

Indications..

Amoebic Dysentery –
Giardiasis, amoebiasis

Rx **Samiact**^{*} [®]

CPM 2mg + Phenylephrine Hydrochloride 10 mg +
Paracetamol 500 mg Tablets

Benefits and Uses

Fever Relief:

Paracetamol reduces fever and alleviates headache, body ache and pain.

Allergy Relief: CPM is an antihistamine that relieves allergic symptoms like sneezing, runny nose, and itchy eyes.

Nasal Decongestion: Phenylephrine reduces nasal congestion, making breathing easier.

Pain Relief: Paracetamol provides relief from body pain, headache, and sore throat.

Cold and Flu Symptoms: This combination alleviates symptoms like cough, sneezing, and nasal congestion.

Common Uses

- ▶ Allergic rhinitis
- ▶ Common cold
- ▶ Flu ▶ Sinusitis
- ▶ Fever and body pain

Mikofer*

Ferrous Bisglycinate Is A Highly Bioavailable Form Of Iron Supplement

High Bioavailability: Ferrous bisglycinate is easily absorbed by the body making it an effective treatment for iron deficiency anemia

Gentle on the Stomach: Unlike other iron supplements, ferrous bisglycinate is gentle on the stomach and less likely to cause nausea, vomiting, or constipation

Increased Absorption: The glycine chelate form of iron allows for better absorption and utilization by the body

Reduced Side Effects: Ferrous bisglycinate is less likely to cause gastrointestinal side effects compared to other iron supplements

Supports Healthy Red Blood Cells: Iron is essential for the production of healthy red blood cells, and ferrous bisglycinate helps support this process

Indications..

- **Anemia** – Iron deficiency (pregnancy, heavy periods, malabsorption)
- **Pregnancy Wellness** – Folic acid + iron combo.
- **Neuropathy** – B12 for nerve health.
- **Weak Immunity** – Zinc + overall nutrient support.

Who Can Benefit

Individuals With Iron Deficiency Anemia:

Ferrous bisglycinate is an effective treatment for iron deficiency anemia

Pregnant or Menstruating Women:

Women who are pregnant or menstruating may benefit from ferrous bisglycinate to support healthy iron levels.

Vegetarians or Vegans:

Individuals who follow a plant-based diet may be at risk for iron deficiency and can benefit from ferrous bisglycinate supplementation.

Take with Food – Avoid GI upset (iron).

Avoid Calcium / Coffee – May lower iron absorption.

Boost your immune system with...

Immucid

Vitamin C 500 mg + Zinc 20 mg + Vitamin D3 200 IU
Chewable Tablet

Key Benefits

- **Immune Boost**
- **Vitamin C:** Antioxidant, supports white blood cells.
- **Zinc:** Crucial for immune cell function, wound healing.
- **Vitamin D3:** Regulates immune response, reduces infection risk.

Faster Recovery

May shorten cold duration, supports respiratory health.

Antioxidant Power

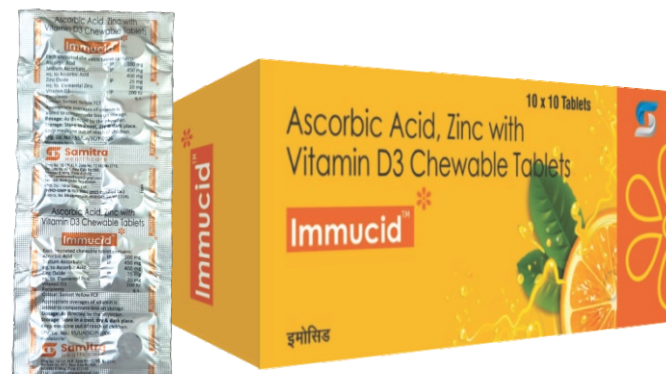

Vit C & Zinc protect cells from oxidative stress.

Bone Health

Vit D3 aids calcium absorption.

Main Uses

- **Cold/Flu Season** – Prophylactic or at symptom onset.
- **Immunity Support** – General wellness, post-illness recovery.
- **Deficiency Prevention** – Useful if diet lacks these nutrients.

Koleferol[™]

Vitamin D3 IP 60000 IU

Vitamin Chewable Tablets

Key Benefits

- **Rapid Deficiency Correction** – Quickly boosts low Vitamin D levels (20 mg/mL)
- **Bone Health** – Aids calcium absorption stronger bones, reduces fracture risk.
- **Muscle Function** – Lowers fall risk in elderly.
- **Immune Support** – May plays a role in immune modulation

Main Uses

Severe Deficiency

- **Osteoporosis/Osteopenia** – Often paired with calcium.
- **Malabsorption** – Crohn's, celiac, post-bariatric surgery.
- **Limited Sun Exposure** – Dark skin, covering clothes, indoor lifestyle.

Typical Course: 1 Tablet Weekly For 6–8 Weeks

Maintenance: Lower dose (600–2,000 IU daily) post-treatment.

Supplement that heals...

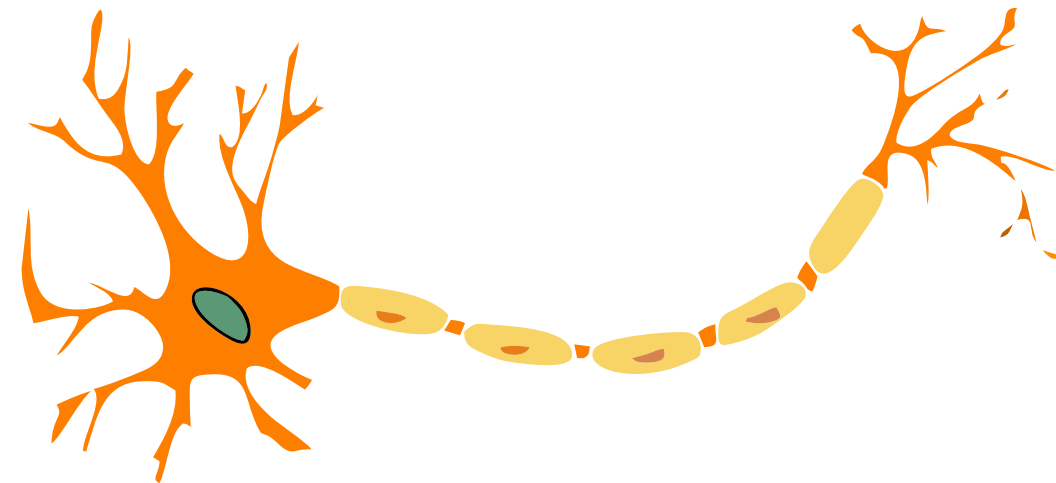

Recommended Therapy for Healthy Neurons

Mikneuron™

Methylcobalamin - 1500 mcg + Alpha Lipoic Acid - 100 mg
Vitamin B6 - 3 mg + Folic Acid - 1.5 mg + Vitamin D3 -1000 IU Tablets

KEY BENEFITS

► Nerve Health & Pain Relief

Methylcobalamin + Alpha Lipoic Acid: Treats neuropathy (diabetic, alcoholic, etc.), reduces pain/tingling.
Vitamin B6: Supports nerve function.

► Energy & Anemia Prevention

Methylcobalamin + Folic Acid: Boosts RBC production, prevents megaloblastic anemia.

► Antioxidant Support

Alpha Lipoic Acid: Protects nerves, reduces oxidative stress.

► Bone & Immune Health

Vitamin D3: Aids calcium absorption, supports immunity.

MAIN USES

- **Diabetic Neuropathy** – Nerve pain, numbness in hands/feet.
- **Vitamin Deficiency Prevention** – B12, B6, D3, folate deficiencies.
- **General Wellness** – Energy, nerve, bone, heart support.

Make Health with

Mikneuron

In hyperhomocysteinemia & CAD...

MikneuronTM B6

Methylcobalamin 1500 mcg + Folic Acid 5 mg +
Pyridoxine 20 mg Tablets

...Guard before it's too late.

Methylcobalamin (B12) – Treats Or Prevents Vitamin B12 Deficiency,
Helps With Nerve Health, Fatigue, And Certain Types Of Anemia.

Folic Acid (B9) – Corrects Folate Deficiency, Supports Red-blood-cell Production,
And Is Especially Important During Pregnancy To Reduce Neural-tube Defects.

Pyridoxine (B6) – Addresses B6 Deficiency, Helps With Neuropathy, Skin Disorders

Together They're Often Prescribed For:

General vitamin B-complex deficiency (poor diet, malabsorption, alcoholism).

Pregnancy & lactation support (folic acid + B12 + B6).

Neuropathic symptoms (tingling, numbness) related to B12/B6 shortage.

Elevated homocysteine levels – B12, B6, and folate help metabolize homocysteine.

Cognitive Functions : This combination supports cognitive function, memory & focus

8 out of 10 Indians are vitamin B₁₂ deficient*

Rx

Mikneuron SL

Methylcobalamin 1500 mcg Sublingual Tablets

...The undisputed leader.

KEY BENEFITS

- ▶ **Nerve Health** – Treats neuropathy (numbness, tingling in hands/feet)
- ▶ **Energy Boost** – Helps convert food into energy, reduces fatigue
- ▶ **Red Blood Cells** – Prevents/treats megaloblastic anemia
- ▶ **Cognitive Support** – May improve memory, mood

MAIN USES

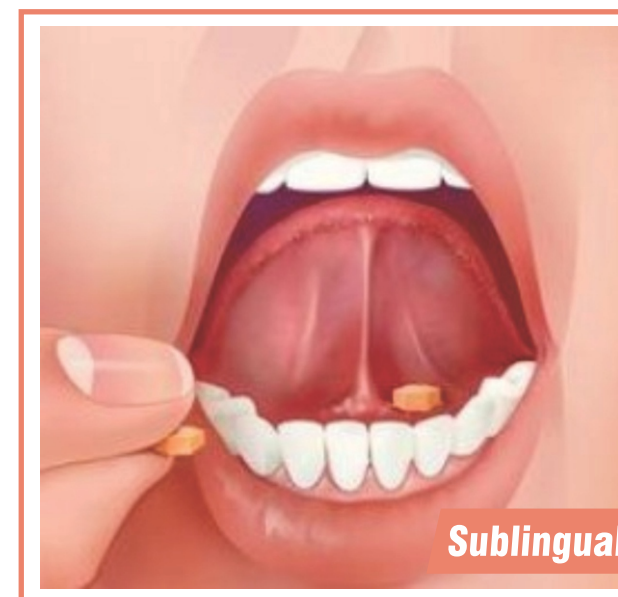

- ▶ **B12 Deficiency** – Common in vegans, elderly, malabsorption (pernicious anemia, gastric issues)
- ▶ **Diabetic Neuropathy** – Often prescribed with Pregabalin/Gabapentin
- ▶ **Pregnancy Support** – Prevents neural tube defects

HOW IT'S TAKEN

- ▶ **Oral/Sublingual/Injection:** 1500 mcg is a high dose, often daily or as directed
Sublingual tablets dissolve under tongue for better absorption

IMPORTANT NOTES

Consult a Doctor – If on medicines (e.g., metformin lowers B12)

**Delicious
Flavour**

In deficiency of vitamin B₁₂....

Pyrivate*

Mouth Dissolving Tablets

**Vitamin B12 1500 mcg. + L- methylfolate calcium 2.5 mg +
Pyridoxal 5 Phosphate 3 mg. + Biotin 5 mg + Vitamin D3 2000IU**

Vitamin B12 (methylcobalamin) 1500µg – Treats B12 Deficiency (pernicious Anemia, Malabsorption, Vegan Diet), Fatigue, Neuropathy, Elevated Homocysteine, And Supports Red-cell Formation.

L-Methylfolate calcium 2.5mg – Active Folate; Corrects Folate Deficiency, Supports Pregnancy, Lowers Homocysteine

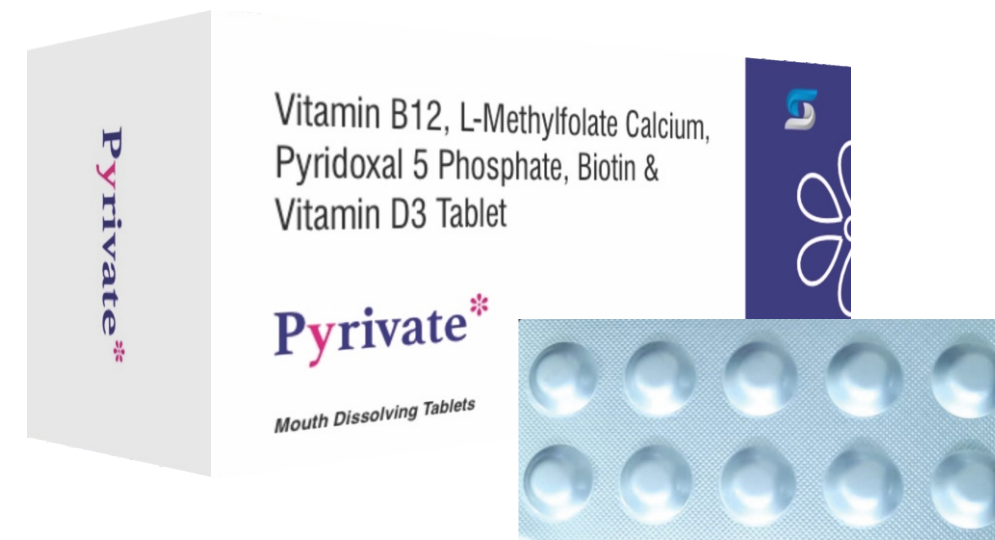

Pyridoxal-5-phosphate 3mg – Active B6; Addresses B6 Deficiency, Peripheral Neuropathy, Sideroblastic Anemia, Hyperoxaluria, And Assists Neurotransmitter Synthesis (serotonin, Gaba, Dopamine).

Biotin 5mg – Prevents Biotin Deficiency, Promotes Healthy Hair, Skin And Nails, And Supports Fatty-acid And Glucose Metabolism.

Vitamin D3 2000IU – Maintains Serum 25-oh-d Levels, Supports Bone Health (prevents Osteopenia/osteoporosis), Modulates Immune Function, And Is Used For People With Limited Sun Exposure Or Malabsorption.

Benefits

- ▶ **To Correct Or Prevent Deficiencies,**
- ▶ **Support Nerve And Cardiovascular Health**
(via Homocysteine Lowering),
- ▶ **Boost Energy**
- ▶ **Maintain Bone/immune Function**

L-methylfolate is considered to be more bioavailable than folic acid, it doesn't require the enzyme MTHFR to be converted into its active form

L methyl folate 2.5 mg equivalent to Folic acid 5mg

Pyridoxal 5 phosphate 3mg equivalent to 3mg of pyridoxine

Specific uses & benefits of the exact vitamin-mineral blend listed In Tab Oivit

Nerve & brain health:

- Methylcobalamin (B12) + B1, B6 support nerve function & myelination.
- Useful for neuropathy relief or age-related cognitive support.

Energy & metabolism boost:

- B-complex (B1, B2, B5, B6, B12, niacinamide) + magnesium convert food into cellular energy.
- Good for fatigue, busy lifestyles, or post-workout recovery.

Immune system reinforcement:

- Vit A, C, D, zinc enhance immune responses & barrier function.
- Helpful during seasonal infections or for general wellness.

Antioxidant protection:

- Vit C, E, selenium scavenge free radicals, protecting cells & skin.
- Supports skin health & recovery from oxidative stress.

Bone & joint support:

- Vit D3 + magnesium, manganese improve calcium utilisation & bone density.
- Beneficial for osteoporosis prevention or active individuals.

Blood-sugar & metabolic health:

- Chromium picolinate improves insulin sensitivity & glucose metabolism.
- Aids in managing metabolic syndrome or weight-management plans.

Skin, Hair & Appearance:

- Vit A, C, E, biotin, Niacinamide promote collagen & keratin synthesis.
- Useful for anti-aging, acne, or hair-strength routines.

Boost Engery & Endurance... With

R_x OivitfolTM Syrup

Amino Acids Multivitamins & Antioxidants Syrup

Amino acid supplements with multivitamins and mineral indicated for:

Nutritional Support :

Supporting overall health and well-being, particularly for individuals with inadequate diets or increased nutritional needs

Muscle Health :

Supporting muscle growth, repair, and maintenance, especially for athletes or individuals with muscle-wasting conditions

Recovery and Healing :

Aiding in recovery from illness, injury, or surgery by providing essential nutrients for tissue repair

Immune System Support :

Boosting immune function and reducing the risk of infections

Energy and Endurance :

Enhancing energy levels and endurance, particularly for individuals with demanding lifestyles

Some potential benefits include:

- ▶ Improved muscle function and recovery
- ▶ Enhanced immune function
- ▶ Increased energy levels
- ▶ Support for overall health and well-being.

Adults : 7.5 ml BID
Childrens : 5ml BID

*For tightness in Chest, Shortness of breath,
wheezing and coughing*

Rhino Q*

**Levocetirizine Hydrochloride 5mg +
Montelukast Sodium 10mg +
Ambroxol (SR) 75mg Tablets**

How Rhino Q (SR) Tablet works

Ambroxol is a mucolytic which thins and loosens mucus (phlegm), making it easier to cough out.

Levocetirizine is an antiallergic which relieves allergy symptoms like runny nose, watery eyes and sneezing.

Montelukast is a leukotriene antagonist. It works by blocking the action of leukotriene, a chemical messenger. This reduces inflammation in the airways and nose and improves symptoms.

Benefits of Rhino Q (SR) Tablet

Treatment of Respiratory tract disorders associated with viscid mucus **Rhino Q** Tablet SR helps loosen thick mucus, making it easier to cough out. This makes it easier for the air to move in and out. This medicine relieves symptoms, such as tightness in chest, shortness of breath, wheezing, and coughing, and helps you carry out daily activities more easily. This medicine is safe and effective.

It usually starts to work within a few minutes and the effects can last up to several hours.

Asthma

Allergic Rhinitis

Cough & Common Cold

Bronchitis

When Allergens are Around, Save Life from Allergic Symptoms with...

Samikast-L^{*} TABLETS

Montelukast Sodium 10mg + Levocetirizine Hydrochloride 5mg

Key Benefits & Uses

Allergy Relief

Levocetirizine: Antihistamine (H1 blocker) reduces itching, sneezing, runny nose.

Montelukast: Leukotriene antagonist controls asthma, allergic rhinitis (nasal congestion).

Dual Action

Effective for allergic rhinitis (sneezing, congestion, itchy eyes).
Helps asthma + allergy symptoms (cough, wheezing).

Chronic Use

Suitable for year-round allergies (dust, pollen, pet dander).

Main Uses

Allergic Rhinitis – Seasonal/perennial (sneezing, congestion).

Chronic Urticaria – Hives, itching.

Asthma + Allergy Combo – Controls symptoms.

Important Notes

- Avoid Alcohol – May Increase dizziness/sedation.
